Free, Open, and Accessible to the Public*

***Added 11/28/23*

Per the [Grant Guidelines](#), grant-funded projects should connect the public with the humanities, at no cost, and be accessible. One common exception to this policy is projects for specific K-12 audiences (for example, all 5th-grade students in Providence), which do not need to be open to the public.

Consider the public-facing elements of the project (events, activities, products, etc.) that the Council's funding would support. Are they free, open, and accessible to the public?

Choices

Yes

No

Not sure

Other

If you responded **No, Not sure, or Other** to the previous question, please explain here. Staff will contact you regarding your eligibility. Please proceed with the Letter of Intent.
